

Read Me File for "Immigration and the Diffusion of Technology: The Huguenot Diaspora in Prussia"

by Erik Hornung

This read me file describes the programs and datasets to replicate tables from Hornung, " Immigration and the Diffusion of Technology: The Huguenot Diaspora in Prussia" published in the American Economic Review.

This .zip file includes is one Stata program and four datasets.

Please change your Stata directory to the path where you have saved the datasets found in this .zip file – 'hornung-data-textiles.dta', 'hornung-data-nontextiles.dta', 'hornung-data-1769.dta', and 'hornung-data-1816.dta'.

Running the do-file 'hornung-huguenots-tables.do' will produce all results of the paper. Comparison with the paper text makes the datasets self-explanatory.
